

faxing simplified. anytime. anywhere.

MyFax Print-to-Fax Assistant

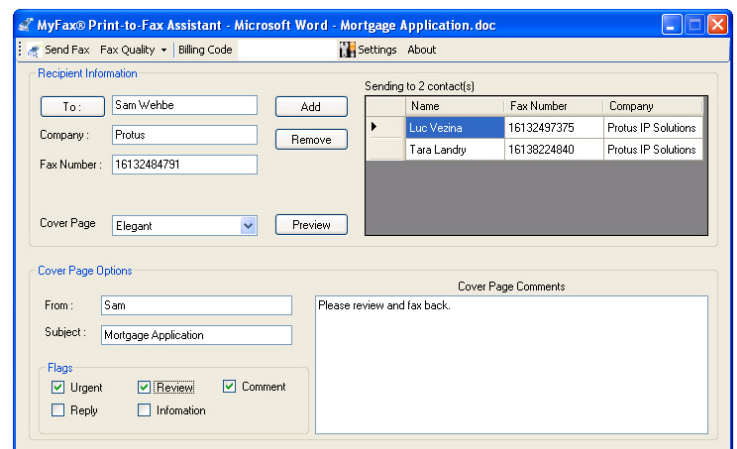

MyFax® is an Internet-based fax service that lets you send and receive faxes using existing email accounts and the web – and now send directly from within any Windows-based application that supports standardized printer drivers.

MyFax eliminates fax machines, fax servers and everything associated with them, like supplies, dedicated lines, busy signals, and long distance charges. And no more paper.

Benefits for MyFax Customers

- ▶ Free to all MyFax customers;
- ▶ Easy to use interface makes faxing quick, easy, and convenient;
- ▶ Streamline your work flow by faxing directly from documents you are working on;
- ▶ Send faxes from within any windows-based application to multiple outlook contacts;
- ▶ Include Billing Codes:
- ▶ Remove any format restrictions with sent faxes;
- ▶ Use cover pages;
- ▶ Track history of sent faxes in MyFaxCentral;

More than ever, today's businesses need tools that allow them to efficiently and effectively multi-task. The MyFax Internet-based fax service is a simple, reliable, and cost-effective way to communicate with clients and suppliers, conduct marketing, and manage the business of business.
